Notes: Key of C

C//// G//// C////////
Spent half my life jumping through the final hoop

C//////// G////////
Pressing my suit, staying in the loop

C//// C7//// F////////
I'm showing my grey, showing weakness

C//// G//// C////////
I think I lost my way, I know I lost some patience

Chorus:

C//// G//// C////////
I wasted time on a lemon dream

C//////// G//// G7////
I took my road, we weren't what we seemed

C//// C7//// F////////
I could have been a Mister, thought I'd make the scene

C//// G//// C////////
I wasted time on a lemon dream

Nobody's buying what it is I hold
Nobody's asking all the little things I know
I'm going all in, turning pro
Speaking Greek, tipping dominos

Chorus

Interlude (same pattern as one verse)

Bridge:

F//////// C////////
I blame my lady luck, oh, she's such a fickle little one

F//////// C////////
I blame the bank, oh, it ruined everybody's fun

F//////// C////////
But I need you to know, I never hold a thing against you

C//////// G//// G7////
Well, to be honest now, I guess sometimes I do

Chorus

Repeat last line of chorus:

C//// G//// F//// C////
I wasted time on a lemon dream
