to please

Cm//// ////

She's still smiled on

Interlude: Eb//// Bb//// Cm//// ////

My words were turning tender

Your feet were turning cold

You were striving for defection

A perfect sail for you to hold

But your vital ocean isn't endless

And there's waves beyond the bay

Let's elevate Achilles and drop an anchor

where we lay

Let's elevate Achilles and drop an anchor

where we lay

Chorus

Interlude: Eb//// Bb//// Cm//// ////

I love your hungry mind

I love your pride in all you've done

But what we've learned and what we've laid for

On occasion was sour on our tongues

And I love you with my vices

And all the nights I won't erase

Let's elevate Achilles and put our faith i

n his embrace

Let's elevate Achilles and put our faith

in his embrace

Chorus

She's still smiled on, She's still smiled on (3x)

Outro: Eb//// Bb//// Cm//// //// (repeat as desired)
