Mr. Speaker, let me see our peerless chief behind the door

A//// G// D// A//// G// D//
Mr. Speaker, let me ask him what the rest of us are for

G// D// A////
Just his keepers and his sycophants

G// D// A////
No one else invited to the dance

G// D//
We got eyes that we might see

G// D//
A voice that we might act
G// D// A//// G// D//

We built a house, we built a house

Mr. Speaker, give us more than the Ministry of Wealth

Mr. Speaker, we're fading from the politics of stealth

Our CEO he got a business plan

Fossil fuel and muzzled man

We got eyes that we might see

A voice that we might act

We built a house, we built a house

And we want it back A//// G// D// (2x)

Mr. Speaker, Daddy drove the big bus right on through

Mr. Speaker, packed it full and kept it all just out of view

In the side door, out the back before we knew

Big change coming, we need a little room to move

We got eyes that we might see

A voice that we might act

We built a house, we built a house

Gonna take it back A//// G// D//

G// D//
Said to the people on the grass

G// D//
Let me be your fuel, then he lit the match
G// D// A//// G// D//

We built a house, we built a house

A//// G// D//

Mr. Speaker
