E – C shape

Intro: Abm//// Gb//// B//// //// (2x)

Abm//// Gb//// B//// ////

We were winter's favourite lovers

Abm//// Gb//// B//// ////

She whispered grace through the slow falling snow

Abm//// Gb//// B//// ////

Around the city spires, past the evergreens

Abm//// Gb//// B//// ////

That laid the way from my room to yours

Chorus:

Abm//// Gb//// E//// B////

And the words we dared froze fast in the air

Abm//// Gb//// E//// B////

And every hanging season settled there

Interlude 1: Abm//// Gb//// B//// ////

We skated circles to the morning

While the ice stayed strong enough to hold

We sketched a dream in white, warmed our bodies

While the first night's clouds turned gold

Chorus

Abm//// Gb//// B//// ////

In the winter

Interlude 2:

Abm//// Gb//// E//// B////

Abm//// Gb//// E//// B////

Abm//// Gb//// B//// ////

Abm//// Gb//// B//// ////

Remember last year when the river never tried

And two-faced Janus dressed in brown?

I see last night the whispering lady

Left a perfect silent verse on the ground

Chorus (2x)

Abm//// Gb//// B//// ////

In the winter

Abm//// Gb//// B//// ////

In the winter

Outro (same as Interlude 2)
