Intro: Am//// Dm//// C//// E7////
F//// G//// Am//// E7////

Am//// Dm//// C//// E7////
Spent my last wet hours between the Ship and the rose
F//// G//// Am//// E7////
And all of Water Street it picked up the bill
Am//// Dm//// C//// E7////
Staggered lushed and alone up Battery Road
F//// G//// Am//// Dm////
I felt like sailing off of Signal Hill, oh boys,
C//// E7//// Am//// E7////
Felt like sailing off of Signal Hill

My darling stirred from our bed, kept her tears,
held my head
St. Christopher impatient at the door
When the jet plane left behind all my blood and best of
kind
I felt helpless and hardened to the core, oh Lord,
C//// E7//// Am////
I felt helpless and hardened to the core

Chorus:
C//// E7////
Keep my fiddle tuned and the pictures in our room
Am//// G//// E7////
I won't be away too long
Am//// C////
These thick McMurray sands, they can't console a man
F//// G//// Am////
With his heart on the Avalon

Interlude: (Am////) Dm//// C//// E7//// Am////

These Atlantic prairie bars, oh they only go so far
Selling exile requests from pay to pay
And how I long for Sonny's song and the sneak
preview dawn
That rises half the night and half the world away
C//// E7//// Am////
Rises half the night and half the world away

Chorus

Interlude: Am////
Am//// Dm//// C//// E7//// F//// G//// Am//// E7////
Am//// Dm//// C//// E7//// F//// G//// Am//// E7////

I've been saving like a dam, but they drain you
where they can
And I'm as dry as this sky locked land
But that's a secret that I keep when the payphone
pauses creep
And still I swear I'll be with her when I can, oh Lord,
C//// E7//// Am////
I swear I'll be with her when I can

Chorus
(repeat last line)
Dm//// C//// E7//// Am////
Oh boys, with his heart on the Avalon
